DIE CUT & STICKER SHEET TEMPLATE

DIE CUT LINE - trim line of sticker

PAGE CUT LINE - trim line of sticker sheet

BLEED - extra image to be trimmed off

1. Paste image to the ARTWORK layer
2. Create the die cut on the DIE CUT layer
3. For die cut stickers, don't worry about the sheet size. We will size it to your order.
4. For sticker sheets, feel free to fill the page with as many images as you can. Leave .25" of space between the images.
5. Outline all fonts (Under the TYPE menu).
6. Save file as an AI., EPS. or PDF.
